DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-18 are rejected under 35 U.S.C. 102(b) as being anticipated by Valette (US 2,712,205) .

Valette teaches a roll having a shaft (34) capable of being bowed if so desired (see arguments presented by examiner hereinafter), a plurality of cylinder elements/segments axially aligned along the shaft wherein each of the cylinder elements/segments have at least one non-linear end edge profile (see Figures 6-9). Note that the non-linear profile defines a generally sine wave configuration which includes flattened areas and/or tessellated, partially mosaic flattened areas.

Response to Arguments

3. Applicant's arguments filed 8/27/02 have been fully considered but they are not persuasive.

4. In response to applicant's argument that Valette's shaft is not bowable, the examiner disagreed. It is noted that the shaft of Valette is capable of bowable/bendable since most of

material possesses a certain degree of modulus elasticity therein; so, the shaft of Valette will be bowed once a force is applied thereon or is readily capable of being bowed if so desired.

Applicant does not claim that the shaft is bowed. Applicant merely claims that the shaft is capable of being bowed.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Trinh Nguyen whose telephone number is (703) 306-9082.

Any inquiry of a general nature or relating to the status of this application should be directed to the Group receptionist whose telephone number is (703) 308-1148.
